FORMER LOCAL MAN MISSING FOR SIX WEEKS

**ELMER MORAN HAS COM-
PLETELY DISAPPEARED;
RADIO STATIONS AID**

FAMILY LIVES HERE

Several Minor Accidents Report-
ed On Highways Over The
Week-end

Elmer Moran, age 31, former resident of Kankakee and son of Mr. and Mrs. Thomas Moran, 667 South Myrtle avenue, has been missing from his home in Chicago for the past six weeks and an intensive search has been launched for information leading to locating him, dead or alive. Chicago radio stations have joined in the search and have broadcast descriptions of the missing man.

Moran is married and resided at 3644 North Rockerby street, Chicago. His wife is now a patient at Mercy Hospital in Chicago. According to information furnished to Deputy Don Bleau, Moran was working for Swift & Company and on the day of his disappearance left the house to go to work. He had about two dollars in his pocket. Nothing has been seen or heard of him since that time.

Notify Sheriff
Anyone knowing anything of the whereabouts of Moran is urged to notify the local sheriff's office. Moran is a brother-in-law of J. W. Jernan, 171 North Taylor avenue, local garage owner.

Ed Oterowski, Chicago, was arrested by state highway police and taken to the county jail Sunday night charged with operating a car while intoxicated. He was arrested after his machine had turned over in a ditch near Mt. Calvary cemetery on Highway 17 east of the city. Oterowski was later released when no evidence of liquor was found in the car. He claimed that he was dazed in the crash which resulted in the officers believing that he had been drinking. There was no evidence to contradict his alibi.

Three cars collided at 11 o'clock Sunday evening on Highway 98 near the Kankakee airport. The occupants were only slightly injured. The cars were owned and driven by: Emmon Ridgway, Joliet; Charles LeRoy, Bourbonnais; and William Hockstree, Wilmett. Ridgway was driving a Ford and was caught between the other two machines.

A car driven by a man named Boudreau, residing in Kankakee, left the pavement last night and turned over in a ditch at the foot of Baker Hill. Boudreau, his wife and child were slightly scratched and bruised in the accident.

ICE SKATING ASSURED FOR PUBLIC PARKS

**KIWANIS CLUB'S ACTIVITY
FOR RINKS MEETS WITH
APPROVAL**

NEED COLD WEATHER

Today's Meeting Of The Club
Held At High School Cafeteria; Fine Program

Skating rinks in the public parks of Kankakee this winter are assured and the only thing that is delaying the opening of the rinks at this time is the mild weather. Establishment of these rinks has been advocated for some time by the Kankakee Kiwanis club.

At the Kiwanis meeting today, W. I. Holcomb, chairman of the boys' committee, announced that he recently held a conference with G. W. Boyd of the park board and Alderman H. P. Rehr and that the lumber for the siding of the rinks is in readiness but attempts to flood the ground at this time have proven unsuccessful. Colder weather must be awaited.

Today's meeting of the club was held at the high school cafeteria. Arthur L. Beckman, member of the school board, was the program chairman. The Kiwanians were welcomed by Superintendent of Schools A. P. Johnson. After enjoying a delicious chicken dinner, the club's appreciation was voiced by A. R. Beard. Mr. Johnson then invited the club to meet again at the school next June 8th.

The program today opened with selections by a reed quartette composed of Katherine Mann, Ruth Pratt, Maxine Rosenberger and Maxine Betoime. It was announced that the Kankakee club ranked second in their Kiwanis district for the year 1930. The local club is contemplating a membership contest with Joliet or some other neighboring Kiwanis club in the near future.

Five students spoke at today's meeting. The work of the Art department of the school was discussed by Raymond LaGesse. The activities of the Commercial department and the Commercial club were explained by Caroline Weaver. Robert Evans discussed the Dramatic club of the school and a talk on girls' physical training and athletic activities was given by Jane Topping. Details concerning the high school publications—the Keynote (newspaper) and the school's annual book—were given by Francis Mitchell.

The club is considering vocational guidance work for the students of the school, the leaders in various lines of business and professions to donate their time to boys and girls who wish to make those lines their life work.

Mrs. Roseita Thies went Chicago this morning where she will spend a couple of weeks with her sister, Mrs. Della Gressens Nelson, who has been critically ill in the American hospital following an automobile accident. Mrs. Nelson has many friends in Kankakee.

Thomas Burns returned to Chicago this morning after spending the week-end here with relatives. Norman Roel of the University of Chicago spent Saturday and Sunday here with his parents. Nap LaFrance of Harvey spent the week-end in Kankakee with home folks.

AGED LOCAL MAN INJURED IN ACCIDENT

**GEORGE MOODY, 784 NORTH
GREENWOOD, HIT BY
AUTOMOBILE**

DRIVER IS HELD

Leonard Jackson, Chicago, Arrested For Reckless Driving; Other Police Activities

Leonard Jackson and George Siler, both of Chicago, were being detained at the city jail today awaiting developments in the condition of George Moody, aged resident of 784 North Greenwood avenue, who was injured in an automobile accident last evening.

Jackson, it is claimed, was the driver of an Oldsmobile coupe which struck the aged man at the intersection of Washington avenue and Charles street at 9:45 o'clock last night. A charge of reckless driving has been placed against him. Siler was a passenger in the car. No charge has been placed against him.

According to the report of the accident filed at police headquarters, Jackson was driving south on South Washington avenue when his car struck Moody. The latter, it is claimed, suffered a fracture of the left leg at the knee, also was badly bruised.

He was taken to St. Mary's hospital by Don Bleau, deputy sheriff. Drs. E. G. Wilson of Kankakee and L. G. Wisner of Herscher are the attending physicians. X-ray photographs were to be taken today to determine the extent of the injuries. Stanley Levich, Cicero, Ill., was arrested at 4:05 o'clock yesterday morning by Police Officers Henry Endres, Owen Sullivan and Ed Anderson. Before Judge Bert L. Fitzgerald in the police court, he was fined \$200 and costs.

Mrs. Sophia Allinowski, 647 North Chicago avenue, who, it is claimed, was a passenger in Levich's car, was fined \$10 and costs on a charge of drunkenness.

Donald Upper, Lockport, Ill., was arrested by Sergeant Henry Endres at 2:10 o'clock yesterday morning on a charge of reckless driving after his car had struck a street lighting fixture at Indiana avenue and Merchant street. The charge was dismissed in the police court today when Upper agreed to pay the damages done to the light pole.

Jack Grassman, Wilmett, reported to police at 12:05 o'clock yesterday morning that he had been held up and robbed by three armed men just a short time before on the Aroma road a short distance from Kankakee. The bandits took \$10 from him. They were in a Chevrolet car.

Henry S. Trost, 708 South Chicago avenue, reported to police last night that his car had struck Olivia Beland, 444 North Fifth avenue, at Court street and Schuyler avenue. One of Miss Beland's feet was slightly injured.

STACK ASSISTS IN CAPTURE OF 2 BANK ROBBERS

Through information given to the Bureau of Identification, Washington, D. C., by John Stack, chief of the Kankakee Police department, Walter Hogan of Cape Girardeau, Mo., has been convicted of bank robbery in Indiana and has been sentenced to 25 years in the Indiana state prison.

Because of the same information, Ralph Wilson, Illinois, Mo., Hogan's alleged accomplice in the robbery, has been sentenced to 20 years in the Indiana prison.

The two men were arrested on suspicion here in October by Chief Stack and his men and were held at the city jail for several days while Stack attempted to investigate their previous records from police departments of other cities. No information was sent back to him, however, and he was finally forced to release them, after they were fined \$200 and costs each for carrying concealed weapons.

Before releasing them, however, Chief Stack sent their fingerprints and descriptions to the Bureau of Identification. Through these fingerprints, the two men were finally identified as the bank robbers.

Sentencing Of Daisy Delayed

Los Angeles, Jan. 26—(AP)—Sentencing of Daisy De Boe for the alleged theft of \$225 from Clara Bow was postponed today until next Monday by Judge William Dorn.

A letter was received by District Attorney Huron Fitz this morning from Clara expressing the actress' hope "that mercy will be shown to Daisy De Boe." It read:

"My dear Mr. Fitz: I am not sure to whom this letter should be addressed, or whether it is even proper under the circumstances to even write it, but I find myself unable to avoid letting you know that it is my hope that mercy will be shown to Daisy De Boe."

"The fact is that I never would have called this matter to your attention in the first place if Daisy De Boe had not threatened to blackmail me and I had no other way to protect myself except come to your office and follow your advice."

"If it is right for you to do so I wish you would tell the judge about this letter."

Sincerely yours,
Clara Bow."

The letter was written on January 25.

The reference to the alleged attempt of blackmail referred to Miss Bow's charge that Miss De Boe had attempted to collect \$125,000 from her for the return of her love letters.

Miss De Boe, looking tired and depressed, was in the court room in custody of a jail matron. After the brief court session, she was returned to her cell, unable to obtain bail until some action has been taken on her sentence. She faces a prison term of one to ten years, or the court may grant her probation.

Miss Bow did not appear in court, friends saying she still was ill in bed from a cold.

THREE YOUTHS FALL THROUGH ICE IN RIVER

One Boy Plunges Into Water While Trying To Rescue His Companions

Three boys, ranging in age from eight to twelve years, fell through the ice in the river at the foot of Schuyler avenue Sunday afternoon. All were rescued by a playmate and taken to the home of County Superintendent of Highways, August C. Radeke, where they were given a change of clothing and stimulants.

The boys who fell through the ice are: Jerome Mason, 225 South Entrance avenue; Jerome Chaney, 248 South Entrance avenue; and James Malsonneuve, 128 West Station street. Walter Malsonneuve, a brother of the last-named boy, was also in the group but did not fall through the ice. He aided in the rescue of his three companions.

The boys were walking on the ice above the power company's dam east of the Illinois Central bridge. The ice at that point is usually thin, but had been made more so by the exceptionally mild weather of the past week. The Chaney boy and James Malsonneuve fell through the ice together. The Mason boy fell into the icy waters while attempting to walk on the thin ice around the hole through which his two companions had disappeared.

The other Malsonneuve boy shouted for help and soon a large crowd gathered and assisted the three boys who had climbed out of the water. They were rushed to the Radeke residence where they were given first aid to prevent suffering from exposure. All three youths are expected to survive their terrifying experience without any serious after-effects.

Mr. Radeke and Coroner Octave J. Cartier today issued a warning to anyone to refrain from walking or playing on the river ice at this time. The ice is very thin in spots and is treacherous, even for skating.

The water at the point where the three youths fell in is very deep and their escape from drowning is considered miraculous.

MARRIAGE LICENSES

Marriage licenses were issued at the office of the county clerk over the week-end for: Alfred George Brouillette, 23, and Lodeane Newman, 19, both of Kankakee; Hector St. Aubin and Marie Reine Rivard, both of Manteno.

Leland Sprimont spent Sunday in Chicago.

MILK PRODUCERS' ANNUAL MEETING WELL ATTENDED

Mr. Knute P. Madison, president of the Kankakee Local Pure Milk Association, reports that the radio party and annual meeting conducted last Wednesday night in the Knights of Columbus hall was the largest attended and most successful in the history of the organization. Plans for a large crowd had been made, but the actual attendance exceeded expectations. The Kankakee Local Pure Milk Association is being recognized in the county and in Kankakee as being one of the fastest growing organizations of the farmers in this part of the country. It has had phenomenal growth during the past few years, its activities have been numerous, and its assistance to the milk producers in this territory has been of untold value.

From authoritative sources, such as from the Chicago Board of Health, the officers of the Kankakee Pure Milk Association have been advised that the milk produced in this territory by the members of the Kankakee local is as clean and of the highest grade received from any section of the "Chicago Milk Shed" which covers a seventy-mile radius around Chicago. Kankakee city and county citizens should receive this information with a high degree of satisfaction, which is sufficient evidence that our community is being served with milk of the highest grade. One of the major considerations of the Kankakee Local Pure Milk Association program is to furnish the consumer with the highest quality milk it is possible to produce, and with the tests that have been made by the Chicago Board of Health, and reports sent back to Kankakee county, prove conclusively that milk of the Kankakee County producers is of the very highest grade.

Kankakee County is indeed fortunate in having such a thoroughly organized organization of milk producers, the record of which during the past two years shows that the milk producers have carried out the program formed and whose activities mean so much to the growth and welfare of this territory and to the business life of the county.

MRS. UNDERWOOD WINS DIVORCE AS CIVIL SUITS START

The case of John H. Nichols, executor, vs. Mattie Ward, an appeal from probate court, was the first civil case slated for trial in circuit court today. The case involves a matter of \$1,910, but there was a possibility that it would be continued as the plaintiff was not represented when the case was called for trial by Judge DeSelm this morning. A recess was taken and the jury excused until later in the day awaiting the appearance of attorneys.

Mrs. Martha Underwood was granted divorce from her husband, Charles, on the grounds of extreme cruelty. The couple were married Nov. 2, 1917, and separated May 1, 1926. Underwood stated that in 1924, while the couple resided at Watseka, that Underwood hit her in the face with his fist, knocking her down several times and pushing her against a hot stove where her body was badly burned. She said that she ran out of the house, but Underwood followed her out into the yard and beat her with a broom.

Several months ago the wife left Underwood and went to live with relatives at St. Anne. She alleges that Underwood came to the house and, finding her sitting in an automobile in the front yard, pulled her out of the car by the hair and badly beat her. For this she had him arrested and he pled guilty and was fined for assault.

Underwood filed an answer to her wife's suit in which she denied the allegations of cruelty but admitted that he pulled her out of the car and was fined for assault. He alleged that his wife was in the company of a man and inadvisable that she had been guilty of adulterous acts.

The Underwoods have two children: Wilma Jean, 10, and Robert Charles, 8. The custody of the children was given to the father by consent of both parties.

THREE ALARMS ANSWERED BY LOCAL FIREMEN

Three alarms were answered last evening by the Kankakee Fire department.

The most important of these was an inside house fire at 833 North Evergreen avenue, the home of Archer Davis. The fire apparently started from an overheated stove and caused damage estimated at between \$500 and \$600. The alarm came into the fire station at 6:01.

While two trucks were called to the fire, a third truck was called to the Knights of Columbus hall, a small fire having started in some rubbish in a basement room used by the Farmers' Union. The damage to the hall was estimated at about \$100. The fire was kept within the confines of the room in which it started.

This fire was discovered by Mrs. Estella Gladd, an operator of the Kankakee Bell Telephone company, who saw the flames from the telephone building across the street. She notified the fire department. Early last evening one truck was called to Washington avenue and River street with the report that a car was on fire there. When the firemen arrived they discovered that the fire was merely the radiator steaming.

Changes Are Made In Constitution Of Association At Request Of Committee

An appreciative group of people attended the annual meeting of the Young Women's Christian Association at the First Baptist church on Sunday afternoon.

At this meeting the following women were elected as members of the board of directors: Miss Amelia Butz, Mrs. A. Mann, Mrs. Lester Poyer, Mrs. C. P. Close, Mrs. J. Pottinger, Mrs. Edward Stramas and Miss Martha Montgomery.

The election of officers was followed by the report of the constitutional committee. This committee asked that a change be made in the constitution in order that the association in the future might operate on a personal declaration of sympathy with the purpose of the association is made the only requirement for voting membership and by signing the following declaration: "I desire to enter the Christian Fellowship of the Young Women's Christian Association of Kankakee, and will loyally endeavor to uphold its purpose in my own life and through the membership in the association." The association voted to make this change and also a change in the article concerning the board of directors.

This change reads: "The management of this association shall be delegated by the electors to a board of directors all of whom shall be electors and three-fourths of whom shall be members of churches eligible to membership in the federal council of the churches of Christ of America."

Miss Adah Nelson, general secretary, gave a fine report of the year's work. Her report was found elsewhere in this paper.

A piano recital by Miss Maxine Hertz, a solo by Elizabeth Godard and a piano duet by Caroline and Eunice Voigt all added much to the meeting and a group of girls and young women of the association gave a pageant entitled "The Y. W. C. A. Treasure Chest," illustrating what the association is and for what it stands.

Those taking part in the pageant were: Interpreter, Ethyl Stramas; Pirate, Gladys Molitor; Every Girl, Anna Marie Robertson; The Association, Bonita Walters; Hospitality, Ruby Chamberlain; Recreation Girls, Lucille Clifton, Margaret Boule, Lois Ellett; Girl Reserves, Violeta Menk, Beatrice Schiller, and Lavonna Austin; Girl Reserves Spirit, Virginia Mansfield; Kathryn Malsonneuve, Elizabeth Godard, Ruth Harper; Business Girls, Myrtle Cardoel, Hazel Reynolds, Ethel Dean Johnson, Lenora Lockwood, Cecelia Helt; Foreign Girls, Ruth Cook, Frances McInturf, Helen Cornwell, Phyllis Therman.

Following the service at the church an informal social hour was held at the Y. W. C. A. residence.

WILL ROGERS says:

To the Editor of The Daily Republic,

Austin, Tex., Jan. 26—(AP)—The Wickersham report has divided parties and individuals into the following classifications:

The "retainers," who want to retain the eighteenth amendment and the liquor that goes with it.

The "abolitionists," those who want the amendment abolished and retain the liquor.

The "appropriationists," who want some money appropriated whether the amendment be abolished or retained.

The "state righters," who want their state to handle the revenue that comes from liquor, under the present plan, or under any proposed plan.

The big majority belongs to the "willing to be convinced as soon as they see how the people will vote" plan. Mr. Hoover seems to be hanging on the fringes of that group.

Principal R. Y. Allison of the high school has been called to Kankakee, Ill., to attend the funeral of an uncle.

Partly cloudy, probably rain in extreme south, somewhat warmer in north portion tonight; Tuesday partly cloudy, somewhat warmer in southeast portion.

3 CHICAGO MEN HELD; CITY JAIL

**ONE CHARGED WITH HAVING
ALLEGED STOLEN CAR IN
HIS POSSESSION**

OTHERS ON SUSPICION

One Man Was Arrested On West River Street After Fleeing From Police In Auto

Three Chicago youths, arrested Saturday afternoon by Kankakee police officers, one charged with having in his possession a car believed to have been stolen, and the others on suspicion, were still being held at the city jail today.

They are: Thomas Kilarski, 30, claiming to be a radio serviceman; Stanley Kuzmenka, 18, claiming to be a draftsman; and Andrew Mandelowski, 20, claiming to be a florist. Kilarski is charged with having the alleged stolen car in his possession.

All of the men were not arrested together, although it is believed that they came to Kankakee from Chicago together. The arrests were made by John Stack, chief of police, and Officers Ed Imming and Gene LaFontaine.

While making an inspection tour about the city Saturday noon, the police officers saw a Chevrolet car from Chicago standing in the 800 block North Dearborn avenue. Being in search for a Chevrolet car used in a recent robbery, they stopped to investigate. While doing so, they saw two men run out of a nearby house. These men were Kuzmenka and Mandelowski.

The police officers started around to the rear of the house to investigate and as they did so, Kilarski drove up in front of the house in a Ford coupe. As soon as he saw the police officers, it is claimed, he started the car again and drove off at high speed.

The police officers started in pursuit and after a few moments found the Ford parked on Bourbonnais street between South West avenue and South Washington avenue. They started a search for the driver and finally found him in the 800 block West River street. He had the keys to the Ford in his possession.

The officers believe that the Ford is a stolen car. The license plates which it carries were not issued for that car and another set of license plates were found underneath the seat. The Chevrolet car, it is believed, is Kilarski's own property.

The other two men were arrested when they returned to the house after their overcoats, which they left in their haste to get away. In the Ford the officers found several red flares, such as are used by railroads for signalling, also several torpedoes, used for the same purpose.

Drama And Tragedy Of Drought Aftermath In East Part Of Arkansas

By J. C. STARK

Marked Tree, Ark., Jan. 26.—(AP)—Roads clogged with wagons and buggies—not automobiles—and men and women walking, with sacks of flour on their shoulders and pails of lard in their hands, tell a graphic story of what the drought has done to parts of Arkansas.

It's the same picture nearly everywhere in the eastern section of the state which is in the heart of the drought area.

These are the "share croppers" as they are called, on their way to the nearest red cross relief office or going back to their homes with the rations thus provided.

Nearly always it's a sack of flour, and either a pail of lard or a little package of plain salt pork. These are prescribed by the Red Cross.

It may be lard one week and meat the next, because even from the \$2.00 a week and 50 cents for each child given them, they sometimes find it possible to save out a little meat one week and lard the next, so they alternate, one week taking lard and the next meat.

They're walking or riding in wagons and buggies, because they either have sold their automobiles, if they ever had any, or they do not have the money to operate them.

The small villages are not now bothered so much with an automobile parking problem for the old fashioned hitching rack has returned.

For the most part, these destitute people who are dependent upon the

Red Cross for food, are a philosophical lot. Hardships are not new to them. Most of them are resigned to their condition and are uncomplaining.

The homes of these "share croppers" contain the drama and the tragedy of the drought aftermath.

Many of them live in shacks built of logs or in dilapidated board houses. They have little furniture—perhaps a bed, two or three chairs and a stove in one room and a rickety table and stove in the kitchen. Many are less fortunate than this.

L. G. Minton, a lawyer at Harrisburg, in this county, told of visiting one family of five where all were living in one little room, sleeping on the floor and with a fireplace made of mud.

Despite the seriousness of their plight, some families refuse or hesitate to seek aid.

Rabbits are plentiful and many persons are virtually living on them. Along the highways and in the woods, killing them, are seen men with rifles on their shoulders, out hunting rabbit.

In some of the larger cities, farmers stand on street corners with rabbits hanging over their shoulders, offering them for sale to the townspeople.

Small thefts and robberies have increased noticeably, officers say.

A half dozen men are in jail at Harrisburg charged with stealing hogs. Chicken thefts are numerous.

YACHT MAYFLOWER BURNED AND SINKS IN DELAWARE RIVER

Philadelphia, Jan. 26.—(AP)—Charred and blackened by smoke, the once majestic presidential yacht Mayflower rested today on the bottom of the Delaware river with her decks awash.

The trim white vessel was swept by fire Saturday night at her dock at the Philadelphia navy yard. Upon and below her decks, where many of the nation's great have stood, the flames raged for several hours. Tons of water were poured into her, but fire fighters were unable to save the famous old craft.

The cause of the fire remained a mystery today. A special board of inquiry has been ordered by Rear Admiral Lucius A. Bostwick, commandant of the navy yard.

The Mayflower was used as the presidential yacht by Presidents Roosevelt, Taft, Wilson and Harding.

In 1929 President Hoover ordered her decommissioned as too expensive to maintain as a presidential pleasure yacht. Recently she was ordered recommissioned to be the flagship of the special service squadron in Central American waters.

Police trying to find something on "Yellow Kid" well

Chicago, Jan. 26.—(AP)—The police had Joseph Well, the "Yellow Kid," on their hands again today but were not certain what they were going to do with him if anything.

They returned him from Rockford where a half dozen or more confidence game victims failed to identify him as the man who had fled from them.

At the police "showup" a sergeant asked him what he should be booked for, and he replied:

"Oh, you might accuse me of the killing of Jake Lingle."

The police had no thought of that, of course, but did say they would ask J. E. Kindelberger, Kalamazoo, Mich., paper manufacturer, if he wanted to come to Chicago to prosecute Well for a \$15,000 fraud.

Stockholm, Jan. 26.—(AP)—One of a story book's most appealing tales, that of the pretty girl who marries a prince, appeared today about to come true in Sweden.

The principals in the romance are Prince Linnert, grandson of King Gustave and son of the monarch's second son, William, and Karin Niwssand, daughter of a prominent industrialist of Stockholm who is of Dutch descent.

ONE TIME HEAD OF LAKE FOREST COLLEGE IS DEAD

Washington, Jan. 26.—(AP)—After 41 years of marriage Mr. and Mrs. Richard Davenport Harlan were separated by death only three days.

Mr. Harlan, who at one time was president of Lake Forest college in Illinois, and whose father was Justice John Marshall Harlan of the United States Supreme court, died Saturday of a throat infection. He was 71 years old. Mrs. Harlan died of apoplexy last Wednesday.

Funeral services for Mr. Harlan will be conducted here tomorrow. Forty years ago he was pastor of the First Presbyterian church of New York, and a few years later of the Third Presbyterian church of Rochester, N. Y. He took a leading part in the establishment of George Washington university here.

His survivors are a brother, John M. Harlan, Jr., of Chicago and two sisters, Miss Laura Harlan, who was social secretary to President Harding's wife, and Miss Ruth Harlan, both of Washington.

VANDERBILT U. STUDENT ENDS HIS OWN LIFE

Nashville, Tenn., Jan. 26.—(AP)—Thomas Patterson Howe of Louisville, Ky., a freshman in the pre-medical school of Vanderbilt university, committed suicide, police said, by shooting himself while standing on the front porch of the Chi Phi fraternity house here early today.

Howe was 17 years old. He did not leave any message.

One of his fraternity brothers, M. D. McAuley, said he and Howe had been up all night studying. About 4:50 a. m. McAuley said, Howe remarked he was going to the front porch for "a little air," and a few minutes later a shot was heard. He died about half an hour later.

Fraternity brothers of Howe said they know of no motive for suicide, that he had no financial worries and had made good grades.

Veteran's Compensation Certificates Big Issue

Washington, Jan. 26.—(AP)—The question of cash payment of veteran's compensation certificates today was definitely an outstanding issue before congress.

The agitation which for weeks has enlisted many members in support of a variety of plans for partial or total payment of the certificates' face value, pushed itself out ahead with the action in Indianapolis last night of the American Legion's executive committee in endorsing the principle of immediate cash retirement on application.

Consideration of the various plans advocated, already had been decided upon for this week by committees in both branches. Opponents of the payment plans had cited frequently the failure of the Legion convention. Congressional leaders conceded the definite position now taken would have a vital bearing on the issue.

On the bonus payment proposals the senate finance committee had planned to begin hearings today but the session was tentatively postponed because Chairman Smoot is ill. On the house side Chairman Hawley of the ways and means committee planned to bring up the question within a few days. So far there is direct administration disapproval for the project. But even before the Legion action the leaders in congress pondered the desirability of putting forward some compromise proposal.

Secretary Mellon has opposed several plans submitted to him. The contention that the relief would be too temporary to justify the government financing involved has been a substantial portion of the objections.

Today however, senate and house devoted themselves principally to routine fiscal legislation. The senators turned aside from the controversial Howell bill for a prohibition enforcement act in his capital, to take up the war department supply bill. The appropriations for the government's numerous independent offices were before the house.

Chairman Wood of the house appropriations committee ordered open

hearings on the senate's \$25,000,000 Red Cross relief fund with Secretary Hyde as the first witness.

Another of the season's most stirring issues, the disputed nominations of three power commissioners approached a new climax in a session of the senate judiciary committee. The group planned to pass upon the Walsh resolution for authorizing a court test to determine President Hoover's right to retain in office Chairman Smith and Commissioners Garsaud and Draper in view of the senate's reconsideration of their confirmations.
